To whom it may concern. I have been a subscriber to XM satellite radio now for 9 months and seeing that it is a paid service, I feel that the NAB should not dictate what I am permitted to hear. It is my right and their right to broadcast it. It is a fantastic service that I really enjoy and have wondered why I didnt sign up sooner. I urge you to please reject NAB's petition 04-160 , and allow the subscribers of XM to continue to enjoy the programming XM has to offer.
Thanks for your time
